

PALTRAC CRANE SYSTEMS

- For high specification Pharmaceutical or clean food environments Palamatic's Paltrac overhead gantry offers an ideal alternative to conventional open track designs.
- A closed diamond profile minimises hang-up points for air borne dust particles which lowers housekeeping times and reduces the potential for contaminant build up.
- Suitable for wipe clean or hose down cleaning
- Paltrac offers all the features of traditional gantry systems;
 - Total flexibility for linear movements
 - Can be suspended from vertical floor mounted pillars, stanchion or wall mounted brackets, existing overhead steelwork or ceiling mounted.

PRODUCT INFORMATION

- Stainless Steel finish suitable for pharmaceutical and food processing environments.
- 304/316 options available with a range of polish finishes.
- Unique 'diamond' profile reduces hang-up points for airborne dust particles.
- Closed track design with externally running trolleys means easy-cleandown throughout.
- No risk of 'paint chipping' associated with conventional mild steel, open track systems.
- FDA approved material white Acetal Co-Polymer is used as standard for all trolley wheels.
- Floor, wall or ceiling (steelwork) suspension options to suit your operating environment.

Capacities 50-160 KG. SWL available (This includes weight of lifting system)
